TURF Aeration Improves CONDITIONS

Aeration keeps your turf looking great. It's important to aerate often, especially when it comes to high traffic areas, and with TITAN® tines on your team you'll know you have the best equipment to meet all of your aeration needs successfully.

Toro's Family Of Tines Are Designed To Meet Your Exact Aeration Need

Tine	Tip	Longevity	Application	Wall Thickness
Toro Classic	Standard durable heat treated tip	Good	Good quality in most turf conditions	Thin wall delivers durability and exceptional performance
TITAN	Sharp heat treated tip for improved hole quality and life	Better	Provides superior performance and long lasting wear in most turf conditions	Thin wall delivers durability and exceptional performance
TITAN Max	Sharp carbide tip for excellent hole quality and life	Best	Provides superior performance and long lasting wear in most conditions	Thin wall delivers durability and exceptional performance
TITAN Fairway	Standard heat treated fairway tip for consistent core removal	Better	Provides quality performance in natural soil conditions	Thicker wall provides good hole quality and maximum strength
TITAN HD Fairway	Enhanced hardened tip for 75% longer life than TITAN Fairway	Best	Provides excellent performance and wear in extreme conditions	Thicker wall provides good hole quality and maximum strength

A Tine To Fit Every Application

Toro® has about every possible tine you can imagine for the changing seasons and your most demanding turf conditions. TITAN® Tines offer superior quality to provide your grounds the best possible care.

Toro TITAN Tines Offer

- Over 150 tines, providing multiple aeration choices
- A wide variety of types meeting your exact aeration requirements
- Higher Productivity: TITAN Max designed with long lasting tungsten carbide blend tip
- Better Performance: TITAN tines last approximately 3-4 times longer than standard tines
- An optimized core, removing more thatch for maximum topdressing
- A superior hole, improving recovery time and maintaining playability
- A tough design, maintaining consistent aeration depth and reducing costly change outs
- 4130/4140 strong alloy combined with unique heat treat process, maximizing strength and resistance to wear
- Durable brazed tip joints for strong bond and resistance to separation and breakage (TITAN Max)

Jump-start your productivity with the TITAN QuickChange™ tine head. The patent-pending taper-lock design makes changing tines a snap. In fact, many users have reduced set-up time by up to 75%. TITAN QuickChange will help you get your aeration done FAST!

Quick Results— With The Titan® QuickChange™ Tine Head.

Titan QuickChange™ Tine Head

The New Titan QuickChange tine head provides increased flexibility in the field when tines need to be changed and dramatically reduces the time spent on tine change out. The Titan QuickChange tine head is available in a 3 or 4 tine head model and can accept any 19.0 mm (.750") or 22.2 mm (.875") mount tine depending on which QuickChange Sleeve is used. Both the 3 and 4 tine heads fit Toro ProCore® 648 and the new ProCore 864/1298 aerators.

Part Number	Description

Titan® tines fit all current and late model Toro® aerators. Standard mount size fits most competitor equipment. Check mounting size to ensure compatibility. Prices subject to change without notice. Toro® Titan® Tines made in USA. ©2009 The Toro Company.

Aeration Evaluation Guide

Determine the total surface area affected and amount of material removed.

STEP ONE

The first step is to find holes per square metre.

If you know your lateral and forward spacing, find holes per square foot on the **Holes Per Square Metre** table.

EXAMPLE:

Lateral Spacing = 5.1 cm

Forward Spacing = 5.1 cm

Holes Per Square Metre = 384.5

If you are not sure of your forward and lateral spacing, but know your aerator model number go to the **Pick A Model** table and pick your spacing options. This table will also help you determine the proper turf holder based on your tine configuration.

STEP TWO

To determine the total surface area affected and volume of soil removed when aerating, reference the **Percent Surface Area Affected/Volume Removed** table. All you need to know is holes per square metre, core diameter (ID), and the depth* at which you are aerating.

EXAMPLE:

Holes Per Square Metre = 384.5

Core Diameter = 0.8 cm

Depth = 7.6 cm

Percent Surface Area Affected = 1.79%

Volume Removed = 0.133 cubic metres per 100 square metres

*Tine depth can vary based on machine set-up.

Aeration Evaluation Guide

* Tine depth can vary based on machine set-up.

Higher Risk Of Turf DamagePercent Of Surface Area Affected

FEATURES & BENEFITS

- 122 cm (48 inch) wide aeration swath
- TrueCore™ ground following system
- Wheel placement inside the aeration head
- Precision balanced aeration head drive
- RotaLink™ tine guide mechanism
- Series/Parallel 3-wheel drive

ProCore® 648

The ProCore 648 is an innovative walking aerator from Toro. The rear wheels are within the 122 cm (48") aeration swath of the machine so the tires are not running over the freshly aerated turf. This eliminates the problem of smashing the cores into the holes, preventing topdressing from filling the holes. And easier cleanup produces a savings of time and labor.

FEATURES & BENEFITS

- Precision-balanced coring heads
- RotaLink™ tine guide system
- Efficient aeration
- Smooth, quiet, powerful operation
- Impact resistance system

ProCore® 864/1298

The same ground-breaking technology that allowed the ProCore 648 to revolutionize greens aeration is now available for large-area applications in the new ProCore 864 and 1298. Aerate fairways and sports fields in efficient (162.9 cm) 64" and (248.9 cm) 98" swaths with smooth operation and precision performance you demand.

ProCore® 440/660/880

ProCore 440/660/880s were built for cost-effective aeration during any season. They offer performance through the unique Rotalink™ system ensuing proper tine positioning during aeration for consistent and exceptional hole quality. Sizes range from 101.6 cm to 203.2 cm (40" to 80") and can accommodate multiple tine spacing configurations for precise aeration making these models extremely versatile. Their three-position hitch height adjustment and rolling support stand make attaching and storing simple.

Greens AERATOR

If there was a Hall of Fame for aerators, the Toro® Greens Aerator would definitely be inducted. This powerful and efficient greens aerator was produced for 17 solid years following its introduction in 1986. Although it's officially in retirement, there are many of them around the world still aerating greens as well as they did brand new.

Fairway AERATOR

The Fairway Aerator is a legend. Based on the name, one might assume its sole purpose is fairways. However, this tough aerator performs exceptionally well on sports fields and other turf. Although production ended in 1996, there is still many Fairway Aerators working today that we've added their tine offering back into the catalog.

FEATURES & BENEFITS

- Heavy-duty design
- Hydraulic remote depth adjustment from the tractor
- Superior punching power
- Multiple coring and solid tines
- Easy hook-up and operation
- Simplified maintenance

ProCore® SR SERIES

The ProCore SR Series provide the versatility you need with working widths of 122 – 190 cm (48” – 75”), working depths up to 40.6 cm (16”) and hole spacing from 63.5 mm – 152.4 mm (2.5” – 6”). From lightweight, precision machines for more sensitive turf to robust heavy-duty machines to break up the soil on even the most compacted surfaces, the ProCore SR Series deep tine aerators are the ultimate choice for performance and quality.

Tine Heads

Titan® Tines for Competitive Models

Easily Converts Titan Tines to 12.7 mm (.500") and 15.9 mm (.625") Mount

Toro conversion sleeves allow the complete selection of Toro tines to fit on most competitive equipment. The conversion sleeve slides onto a 9.5 mm (.375") mount Toro tine to create a 12.7 mm (.500") mount or 15.9 mm (.625") mount.

Part Number	Description	Mount
112-1300	Sleeve	12.7 mm (.500")
112-1301	Sleeve	15.9 mm (.625")

Toro® has a comprehensive website that offers a wealth of information about Toro products and services.

Here is a sampling of what you can do at Toro.com:

- Find replacement parts for your Toro with our Master Parts Viewer
- Locate dealers and distributors worldwide
- Download equipment manuals
- Learn about Toro financing programs
- Get company information and download the latest Toro news

TORO

Count on it.

Products depicted in this brochure are for demonstration purposes only.
Actual products offered for sale may vary.
