WALK POWER MOWERS

MOW LIKE A PRO

Toro's walk power mowers are packed with features to make your lawn more beautiful — and mowing it more enjoyable. From powerful engines to the Personal Pace® drive system that automatically adjusts to your walking speed, you'll find everything you need right here.

Engineered to Cut Better

We've been in the turf business for nearly a century and we've never stopped looking for new ways to deliver the highest quality cut and the most reliable machines you can buy. When you choose Toro, you know you're getting a mower that's built to last.

WHAT SETS TORO APART

PERSONAL PACE®

Toro's exclusive Personal Pace automatic drive system senses and adapts to your walking speed. Just start the mower and go — slight pressure on the handle propels the mower to the exact speed you want to go.

GUARANTEED-TO-START (GTS) PROMISE

If it doesn't start in two pulls, we'll fix it for free. Ask your dealer for details.

Available on select models.

SPIN-STOP™ SYSTEM

This convenient safety feature stops the blade, but not the engine, so you can step away for a moment without having to restart the engine.

Available on select models.

WASH OUT PORT

Simply attach a garden hose to the top of the mower deck and flush the underside clean while the mower is right-side up.

THE ULTIMATE TIME SAVER

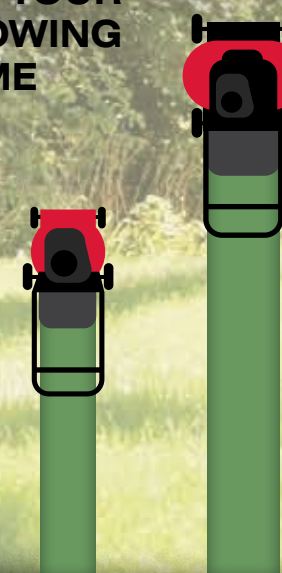

30"

MOWING DECK

SAVE UP TO 40%*

OF YOUR MOWING TIME

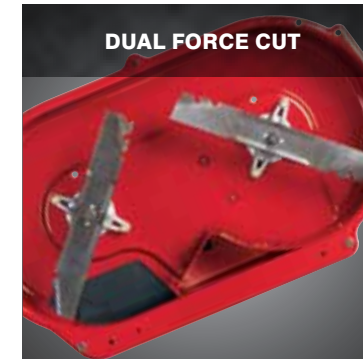

**NEW FOR 2012
TIMEMASTER 30"
A BIG IMPACT WITH
A SMALL FOOTPRINT**

For homeowners with big yards and busy schedules, Toro's new TimeMaster covers more ground in far less time. The sleek, lightweight body easily circles trees and shrubs. The TimeMaster makes a big impact with a small footprint.

30" MOWING DECK

The wide 30" mowing deck lets you handle large areas of grass quickly and easily, reducing mowing time by up to 40%*.

DUAL FORCE CUT

The Dual Force™ twin blade cutting system and Atomic blades cut grass into a super fine mulch for superior quality of cut and a healthy, rich lawn.

QUICK-STOW HANDLE

The Quick-Stow handle allows you to position the handle upright for easy, compact storage.

BRIGGS & STRATTON® ENGINE

Powerful 8.75 ft.-lb gross torque Briggs & Stratton OHV engine delivers the performance and durability that Toro is known for.

**PERSONAL PACE®
AUTOMATIC DRIVE
SYSTEM WITH TRACTION
ASSIST HANDLE**

This intuitive technology automatically adjusts the mower's pace to your walking speed. For more challenging areas with uneven terrain, the **Traction Assist Handle** can help monitor your speed and keep you mowing at a comfortable pace.

See your dealer for full details on warranties.

* When mowing with a 21" walk mower compared to the TimeMaster.

LEAVE ONLY A
PERFECT CUT

EXCLUSIVE RECYCLING ACTION

The aerodynamic blade **1** cuts the grass. The clippings hit the kickers **2** and then are pushed back down into the blade. The accelerator **3** circulates clippings repeatedly into the blade for recutting.

CONVENIENT AUTO CHOKE SYSTEM

No need to choke or prime the engine – just start the mower and go!

DESIGNED
WITH **YOU**
IN MIND

FEED YOUR LAWN

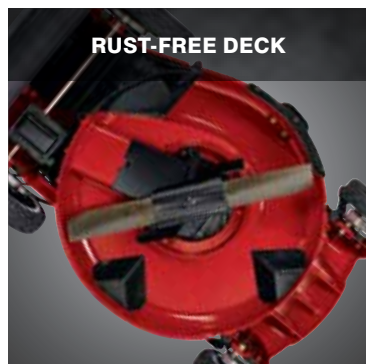

Other mowers cut grass in a way that causes clippings to pile on top of the lawn. Our uniquely engineered Super Recycler cutting system recuts the grass into finely shredded clippings that go back into your lawn. Whether you're mulching to save time, naturally composting your lawn or reducing fertilizer use, the Super Recycler gives you the ultimate in mulching performance.

A BROADER SWEEP, A FASTER FINISH

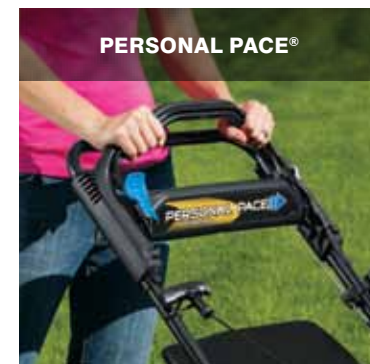

Finish mowing faster with a larger 22" cutting width and ground speeds up to 4.5 mph. Our exclusive Atomic Blade efficiently mulches grass — giving you a healthy, lush-looking lawn.

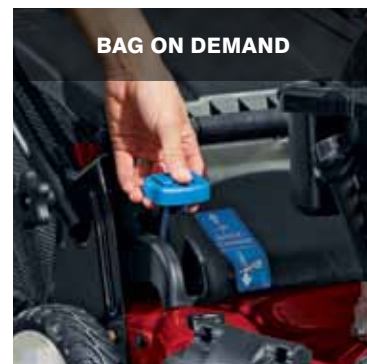

QUICK-CHANGE STORAGE LEVER
Need to store the mower upright in tight spaces? Just flip the blue levers to raise the handle.

RUST-FREE DECK
Durable, rust-free cast aluminum cutting deck converts from mulching, side discharging, or rear bagging without tools.

PERSONAL PACE®
Toro's exclusive Personal Pace system automatically senses and adapts to your walking speed.
Available on select models.

BAG ON DEMAND
Switch from mulching to bagging in seconds by flipping the quick-change lever.

SIMPLY AN OUTSTANDING VALUE

IT'S EASY TO BE ECO-FRIENDLY

Maintenance and worry free—no refueling, spills or mess in the garage. You'll also reduce emissions. And at only 77 lbs., the e-Cycler is lighter than most other cordless mowers.

GET CORDLESS AND GO GREEN

GREAT CUT, EXCELLENT VALUE

Enjoy the superior cutting and mulching capabilities of our 4" deep steel deck in a lightweight, compact size. This easy-to-use model gives you essential features at an outstanding value and is ideal for smaller, flatter yards.

20" STEEL DECK

The Recycler 20" cutting deck is lightweight and maneuverable. The smaller width allows for easier mowing in tight areas.

TORO® OHV ENGINE

The overhead valve engine is powerful and efficient. It features auto choke — no need to prime, just start the mower and go! Available on select models.

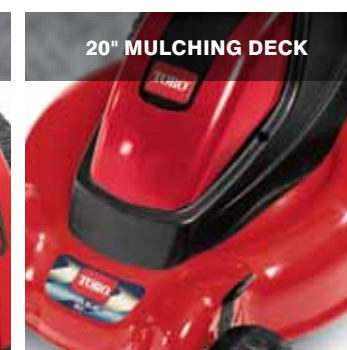

See your dealer for full details on warranties.

POWER UP, UNPLUG AND MOW

Enjoy power and performance with the environmentally friendly benefits of a cordless mower. Toro's e-Cycler is lightweight, easy-to-handle and emissions-free at the mower – perfect for lawns up to 10,000 sq.ft. You simply can't buy a better mulching cordless electric mower.
